Water B3LYP/6-31G*, q=0.1: dipole vs charge distance
Left shrinks with δ ⇒ tuning; right grows ⇒ MM-in-μ artifact
emsuite-style |Δμ| (QM-only dip_moment)
|μ_wsc − μ₀| (Debye)
outward offset δ from surface point (Å)
MAX
MIN
counterfactual Δ|μ| if MM added to μ
‖μ_QM + q·r‖ − μ₀ (Debye)
outward offset δ from surface point (Å)
MAX
MIN
